Google Developers

Founder Fridays

Sign up for Founder Friday's Data and ML event July 9

Register for the Google for Games Developer Summit July 12-13

Apply for the Google for Startups Accelerator: Women Founders July 19

Android / Google Play

- **Try** the second Beta of Android 12, adding new privacy features like the Privacy Dashboard, and more.
- **Last** chance to enter The Indie Games Accelerator and Indie Games Festival on July 1.
- **Grow** in local markets with insights and best practices to Go Global from Google Play.
- **Enroll** now for the 15% service fee starting July 1. Visit the Play Console to learn more.
- **Learn** about Google Play's new Media Experience Program to develop better cross-device experiences.

Firebase / Google Cloud

- **Register** for Virtual API Jam Fundamentals on July 14 and August 11.

- **Sign up** July 28 for an introduction workshop to API Security.
- **Meet** the inaugural Google Cloud Accelerator Canada cohort.
- **Introducing** container-native Cloud DNS: Global DNS for Kubernetes.
- **Watch** *This Week in Cloud* featuring a free Google Workspace webinar, Ubuntu Pro in GA, and more.

ML / AI

- **Build** with TensorFlow Decision Forests for easier training, serving and interpretation of tree-based models.
- **Deploy** models efficiently with Vertex AI, the new unified ML platform featuring MLOps tools.
- **Use** TF 2.5's PluggableDevice interface to register third-party devices as plugins without having to make changes in TensorFlow code.
- **See** how drummer Jason Barnes teamed up with Georgia Tech researchers to build one of the world's most advanced prosthetic limbs using TensorFlow.
- **Learn** how to leverage the latest offerings from TensorFlow Lite to build a state-of-the-art mobile object detector using your own domain data.

Web

- **Watch** all the web Keynotes, Sessions, workshops, AMAs, and more.
- **Explore** the next era of responsive design and what it means for the future of web design.
- **Learn** more about headers that can keep your site safe.
- **Prevent** layout shifts by optimizing web font rendering with CSS size-adjust.
- **Add** Angular DevTools and **see** how debugging Angular applications with DevTools is easy to use.

Google Maps Platform

- **Try** the open source android-maps-rx library which exposes RxJava bindings so you can use Observable streams with the Maps SDK for Android.
- **Imagine** the possibilities when adding three.js models to a WebGL Overlay View in Maps JavaScript API. Here, a 3D car enhances a driving simulator.
- **Watch** a developer live-code his use of WebGL with Maps JavaScript API following the announcement at Google I/O 2021.
- **Get** a tour of new WebGL-powered features in the Maps JavaScript API and explore the 3D maps demo.
- **Read** about improved accessibility built into Maps JavaScript API and learn what you can do to improve accessibility of your Markers and InfoWindows.

Developer Community / BIPOC Partner Highlights

- **See** the latest contributions and highlights from ML Google Developers Experts.
- **Get** to know Jack Lee, a Google Developer Student Club lead who connected 150 classmates to founder mentors from Fortune 500 companies and startups.
- **Read** how Lorena hosted community events for Pride Week with her Google Developer Group in Brazil to help developers build inclusive products and teams.
- **Meet** Josue Gutierrez - Maps, Web, Identity and Angular Google Developer Expert.
- **Advice** and reflections from Kate Grant's Google career in IT.

Open Source and Misc

- **Register** for Airflow Day on Google Open Source Live on July 1 to learn about data pipelining in open cloud and more.
- **Join** *Network Your Way To Success* with Jason Scott by **Elevate with Google Developers** in partnership with Grow with Google on July 20 (10AM PST).
- **Now** open, the Annual Material Design Awards is accepting self-nominated products until October 1.
- **Check out** updates on Fully Homomorphic Encryption to keep users safe online and their data.
- **Learn** how to add dialogs and slash commands to your Google Workspace chat bots.

Exchange with Google Developers

Looking to share, receive, or facilitate a tech mentorship? Sign up for Exchange with Google Developers, a free program that connects developers to leverage the technical and professional knowledge within the Google Developers community.
